THE TIMES.

A. H. CLEMENT Editor.

WEDNESDAY, AUG. 29, 1906.

Up to the time of the civil war there were no women on the Federal pay roll and now they number 20,000. $250 a month is the largest salary paid any woman and only one receives this amount. The woman who does man's work is entitled to man's pay, and that many of them exact can not be denied.

John D. Rockefeller says that in France "there is no waste in farm or field, there is no waste in kitchen." The farmers of Southside Virginia waste enough of forage in the fall to carry them through the spring and forage is always scarce with most of them during the spring. We get our styles from Paris, why not our saving habits from the Frenchman?

And now a Macedonian cry comes to Uncle Sam from little Cuba. "Come over and help us." And where shall this thing end? It may be in a world combination against this government, and then we may regret that we had'nt remained at home and attended to our own business. We can't afford to be the "wet nurse" of the nations of earth. Our home work fields are big enough and inviting enough to consume all our best energies.

The TIMES has the largest circulation in the counties of Appomattox and Buckingham of any paper published in or out of the State. It gives, week by week, to its readers, more news from Farmville than any other paper published in or out of the State, and this means that Farmville business men can find no better advertising medium in or out of the State.

In Illinois they endorse Sullivan and Bryan too. Bryan says he won't have the vote of the State with Sullivan recognized, and there is a meaty mess of it. If this sort of thing is to continue, the Democrats would do well to "farm" out the job of a canvass next time With a fair prospect for winning this nonsense is intolerable.

A recent writer says, "A Frenchman would grow rich where the Yankee would starve, and would even then have sufficient leisure to cultivate a magnificent literature, an unapproachable art and a facility for enjoying life that has no parallel." Happy Frenchman.

"No more negroes for the army" is the latest news from Washington and it is good news led by educated monstrosities. The negroes are getting to be more restless and more insolent. Jim Crow laws will soon be enforced in Washington and then in Boston. Madness precedes destruction.

Our worthy contemporaries, the Times-Dispatch, Journal and News-Leader waste time in discussing the subject of lynching. It is'nt a delectable question, but in the North as well as the South, will take care of itself. The less said about it the better.

Mr. Cleveland is neither dead nor fishing and yet gives out no deliverance on present political conditions. The interviewers are not all dead either. May be the gun is'nt loaded, but "unloaded ones" are sometimes heard from.

Hoke Smith won in Georgia by a significant majority. The canvass, however, was disgraceful from start to finish. Democrats should learn to do things "decently and in order."

For the first time in the history of the nations, the President of the country is conducting a Congressional campaign. The patient is in extremis and requires desperate remedies.

The picture of the leader of the Cuban rebels reminds us of some old-time Virginia farm hand. The features and the pose are strikingly suggestive of plantation times.

Senator Elkins says, "the most lonesome person in all the world is one walking the highways without a dollar." Tramps without a dime are sometimes as happy as birds.

Dollar collections wont save the G. O. P. The mother of trusts must be kept in being by the favored and fattened children—combines to the rescue.

Directors directing and insurance that insures and the world will be set off.

Southside.

Misses Rosa Tucker, of Amherst, Josy and Annie Warren, of Jarretts and Mr. Paul Warren of Reanoke, were among the guests of Mountain View recently. The Misses Warren were en route for home after a most delightful visit to relatives in Bristol, Tenn. Miss Josy expects to attend the Virginia Institute there the ensuing term.

Dr. T. H. Fitzgerald, of Huntington, W. Va., Mr. and Mrs. Geo. T. Coleman, of Lynchburg and Mr and Mrs. Luther Coleman visited Mr. T. A. Coleman Saturday and Sunday.

Mr. and Mrs. Ellis Odor are visiting Mr. Oder's sister, Mrs. Clinton Cawthorn.

Mr. Charley Plunkett, of the Hill City, was the guest of his uncle, Mr. John S. Plunkett recently.

Miss Vivian Coleman and brother John, returned last week from visiting relatives in Norfolk.

Mr. J. T. Cole is visiting relatives in Pittsylvania.

Mr. S. F. Calhoon and daughter Bessie, of Bell Springs, are visiting at Evergreen.

Some of our young people attend the lawn party in that enterprising town on Saturday night and reported a 'big time,' notwithstanding the rain.

Miss Elvyn Coleman, who has been spending the past two weeks with her cousin, the Misses Wing field, returned home on Sunday. She attended the Appomattox Association, which met at Midway in Charlotte. A very good attendance good preaching, good dinner and good, muddy roads.

There was a most enjoyable dance given at the charming home of Mr. S. B. Wingfield, in honor of several visitors and notwithstanding 'old Cub was on a boom, a large number of guests put in a most joyous appearance and danced to most delightful music on organ, guitar, violin and banjo. The visitors present from a distance were: Misses Leta Hughes, of Lynchburg, Bessie Cheatham, of Spout Springs, and Elvyn Coleman of West Appomattox, and Messrs. Norman Bates, of Spout Springs and Jesse Harvey, of West Va.

The rain prevented the Ladies' Aid Society of Liberty church from meeting with Mrs. J. T. Cawthorn on last Wednesday.

The crops, especially the water melon patches, have been much damaged by high water all down Cub Creek.

Messrs. Brown and Evans commenced work on Mr. Joe. Coleman's new house to day.

Wily.

R. S. Ellis has a ten acre field of cow peas four feet high and as thick that an ounce stone cast in it would hardly go through. He is one of our model farmers.

The R. F. D. man was around with boxes last week; but one of Wiley's patrons took a box.

Poor Brierhook and Toga, I fear they will be wiped from the map. Yet it looks strange that the ten people who took R. F. D. boxes should over-rule the 260 people who signed a petition to the post office department praying the continuance of the star route and these two post offices. This don't seem like fair play. They may come out all right yet, hope they will. It would set these places back fifty years.

Mr. Chas. Allen, of Richmond was on a visit to Mr. Harry Moseley.

Mr. Yancey Taylor and his sister, Miss Bradley, of Roanoke, are on a visit to their father, Mr. L. D. Taylor.

Miss Agnes Burk, of Richmond, is also on a visit at Mr. Taylor's.

Hundley Springs.

Miss Sarah Weigand, of the Hill City, who has been visiting Misses Neva and Bell Driscoll, returned to her home last Monday. Miss Weigand made many friends while here and hope she will come again.

Mr. F. A. Driscoll, of Lynchburg, is visiting his cousin, Mr. W. W. Driscoll this week.

$100Reward.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address

The weather and crops are topics, which have been thoroughly discussed, the weather though is having a depressive effect on people now, but we will have to recall the old adage which says "Hope for the best, get ready for the worst and take what God sends."

Mr. Ed Moses returned home last week from Crewe, where he had been visiting his brother.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case. I took several medicines which seemed only to aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success."

John Robinson's Ten Big Shows Combined

WILL EXHIBIT AT LYNCHBURG, SEPTEMBER 6TH.

Indications are that a large crowd will attend from here. Very low excursion rates will be in effect on all railroads.

The show, under the management of John Robinson, is now enjoying its eighty-third year of prosperity, and is one of the foremost amusement attractions of America, if not of the world.

It numbers among its arenic favorites some of the most expensive and best acts that money can procure. The Capt. Theo. Paco troop of American calvarymen in expert feats of daring and original horsemanship; Dare-devil DeBarry, who sets at defiance all the fixed laws of nature when he dashes down a dizzy incline, and with the speed of a hurricane loops the gap on a bicycle; the marvelous educated group of seals, under the master hand of Capt. Winston; Edna, acknowledged Princess of the realm of horse womanship, the only lady somersault rider, and twenty equestrian associates; forty joyous subjects of King Momus in a gleeful sufficiency and more than a hundred foreign and American features in three ring and an elevated stage, and introducing as an added feature Ella Solomon, his temple and the Queen of Sheba, requiring a cast of a thousand men, women, children and horses, 100 ballet girls participating the dances of the day of the king of a thousand wives.

The Robinson show has always been famed for its managerie, and this season finds the Zoological union the most complete ever carried by a tented show, comprising costly and rare animals from all parts of the globe. This splendid array of animal talent will be seen in the big daily street parade, pronounced by all as the most gorgeous and elaborate pageant of modern times, comprising more than a mile of gold encased wagons, chariots and 500 of the finest American horses. This is the only big circus that is not in the circus trust and no advance in the prices will be made.

YES! GRAPE TOBACCO

is just a little sweeter than any of the so-called sun-cured plugs made to imitate GRAPE, and they are all imitations—

WHY?

because that rich, sweet flavor is peculiar to the genuine Leaf, and we have been buying and manufacturing it for over fifty years.

IT IS MADE BY A FIRM THAT KNOWS HOW

Two Reasons Why We Grow

Progress is noted in two ways, viz:

1st—The incentive to make provisions for future demands.

2d—The care to make the best possible results of the present.

And so it is today, by such methods,

LYNCHBURG'S GREATER STORE

Stands out as substantial evidence of these two potent factors in commercial upbuilding.

We are never satisfied, no matter how good the service, no matter how splendid the results of our efforts, no matter how superb are the assortments of merchandise offered in our various departments.

We are planning for better conditions, striving to make this store the foremost in the State, and it shall be done only by fair dealing, courteous treatment and prevailing low prices. Thus the tide will swell and the store of yesterday is the better store of today, and on and on till greater things be accomplished, our facilities to serve you the best possible.
